Index to Wallaces' Farmer and Iowa Homestead

Volume 63 JANUARY TO DECEMBER, 1938, INCLUSIVE Numbers 1-27

General

AAA, abolition of, Liberty League renewing, 803
adviser in wheat states, 826
benefit checks, Dickinson county, Iowa, got first, 100
brings out '39 program, 784
buys food, 562
checks, 1938, when to expect, 426
committee, first Iowa woman member of township, 774
committee, Iowa, new field men, 100
committee, more power to, 777
compliance in Iowa checked by extra fieldmen, 456
corn acreage allotments, survey shows 62 per cent complying with, 397
getting behind the, 714
in (box), 397
increases butter production, 237
law, marketing quotas under new, 513
leader, elect, 710
loans, millions in, 853
methods, new, counties testing, 471
more butter will be bought by the, 717
new, Wallace describes (box), 161
office gives wheat loan information, 489
officals expect largest corn sealing since 1933-34, 808
officials months ahead on 1939 soil conservation program, 831
payments, 1938, going out, 826
permits cooperator to get new 57-cent loan on corn that was raised in 1937, 598
plan should be supported by continued parity payments, 670
program, farm women discuss, 849
program, 1938, appropriation bill for, 370
program, 1938, counties which will receive first pay in, 664
program, 1939, permits oats to be cut for hay, 575
purchases milk for distribution, 456
referendum, marketing quotas approved in first, 230
six provisions of new, 670
surplus farm commodities bought by, 717
will rush farm program, 108
Wright county leads, 750
Abortion, check contagious, 274
swine, 811
Accidents, April, to Illinois farm people, 300
auto, rise in Iowa in August and September, 560
farm, let's cut down on, 105
Acreage adjustment schedule announced, 1939, 489
control, corn belt farmers roar approval of, 705
limits and corn loans, 308
"Adequacy of supply, but not glut," President Roosevelt, 33
Agencies, lending, taking over farms, 26
Agricultural adjustment act, 866
adjustment administration's new ruling (box), 370
bill, inadequacy of loan structure in, 8
college men's views on farming, 458
foundation, advisory committees for, 826
foundation farms, local committees for, 560
Ak-Sar-Ben show, 769
Alaska, come with us to, 266
explore, with happy party, 431
to, 653
tour route map, 431
Album, international, 423
Alfalfa after beans, 559
hay may be used as supplement to corn, second cutting of, 833
seed, certified, 119
stand of, what it takes to get a, 8
stand, preparing field for getting a good, 8
started, get, 8
to cows on pasture, feeding, 560
"White," raises doubt about that, 423
Allotments, counties get new, 831
1938, soil conservation officials explain, 426
Amaryllis growing, 82
American Farm Bureau convention at New Orleans, 830
Farm Bureau Federation convention, 803
Farm Bureau Federation meeting at New Orleans, 717
Institute of Cooperation, fourteenth annual, July 11 to 15, 456
Anchors (box), 689
Anemia in pigs, how to prevent, 226
Ants in the lawn, how to control, 470
Appetite appeal in pasture plants, 186
Apple trees, prune lightly, 124
orchards, young, let weeds grow in, 576
trees, how to protect from mice, 803
Apples, how to store winter, 663
Arctic island, visiting an, 553
Ashby, R. W., Palo Alto county agent, 640
Asparagus, Martha Washington the best variety, 370
when to harvest, 370
Assessment, is your, right, 158
Association, Production Credit, Perry, meeting held January 11, 73
Associations, three more, joined Iowa State Dairy, 3
Attendance, big, at bureau meet, 72
Auchter, Eugene, new chief of Bureau of Plant Industry, 26
Awards, International Livestock Show, 840
Iowa State Fair, 616
Babies, no, 673
"Baby" breeds grow, 602
Bacon exports to the United Kingdom from the United States, 1936-37, 398
Bags, feed or flour, how to easily open, 148
Bait distribution on community wide basis is the key to effective hopper control, 379
Baking soda to help condition shipped-in cattle, 803
Balko again takes husker title, 777
Bang's disease conference, full report of St. Paul (box), 274
Bang's disease, infected with (box), 274
disease, methods of control, 274
disease, preventions for, 640
disease, vaccination for, 274
disease, reduction in, 423
disease, ways of dealing with discussed at St. Paul conference, 274
reactors, pregnant, 267
vaccines, using, 122
Bankhead-Jones law, ownership under the, 469
Barley for hogs, 479
winter, not practical crop for Iowa, 663
Barn, dairy, eight features for a new, 98
for sheep, a, 818
rafters, how to increase strength of, 742
Barrow crossbred wins, 593
grand champion, 735
show, fat, 593
show, Iowa State Fair offering prizes for a, 208
Batter up! 608
Beans, castor, no substitute for poison bait, 100
Beef cattle at Kansas City, 752
cattle, fitting, 493
cattle prospects, 780
cattle show at Iowa fair exhibits progress in breeding since early days, 596
entries set new records, baby, 600
produced late in grazing season of better quality than that produced earlier, 510
producers, Iowa, to admit county associations without dues, 157
Beekeeper, needs of a, 345
Beekeeping, manual on, 456
Bees, amount of honey produced by, 298
for winter, fixing, 679
getting a start with, 345
how to winter in good shape, 66
prefer nectar with high concentration of sugar, 259
wintering, 819
"Before and After" in farm improvements (box), 43
Belgian breeders hold show, 672
Belt slippage, preventing, 124
Bench, farm work (diagram), 136
Bergman, Dr. H. D., named president of American Veterinary Medical Association, 560
Berkshires, more, 593
Berry patches, cleaning, 513
Biermann, Fred, comment on new navy bill, 300
Bighead in sheep, cause of, 859
in sheep, prevention of, 859
Bill, agricultural committee, provisions of, 8
in hands of committee, 13
Binder, wheels for, 462
Biography of a corn belt farm, 403
Birds, winter, putting out feed for, 99
Birth registry important, 552
Blackberries, when to top, 470
Black walnuts after hulling, wash, 833
Blackburn, R. W., president California Farm Bureau Federation, 68
Blair, J. C., named dean and director of University of Illinois, 456
Blasting (diagram), 399
Blue grass pastures, Kentucky, yield more under rotational system, 510
Board, white painted, to view drill points, etc., 576
Bog spavin in horses, 399
Books, 572, 636, 641, 706
Borrowing privilege depends only upon holding corn plantings to allotment, 308
Boulders, blasting, 124
Bots, carbon bisulphide for riding horses of, 27
dangerous to allow farm-to-farm peddlers to treat horses for, 66
Bounty on starlings, 237
Breeding program, dairymen must follow a, 148
Brooding equipment, 259
Brookings approved state civil service, 261
Brunner, Julius, president of Iowa Association of Local Creameries, 774
Brush, wire, useful around farm, 39
Brushes, paint, clean, 241
Buckhorn, 560
Building, new, 482
Buildings, new, replace old ones, 405
Bulbs, October is the time for planting, 663
Bull, making a, 600
takes sire award, Mitchell, 676
Bureau meet, big attendance at, 72
Butter advertising, urges, 498
buying (box), 742
exports for June, 590
how much do we eat? 451
Iowa dairymen eat, 675
Iowa, to Roosevelt (box), 374
market, Uncle Sam supports, 163
price of, A. A. Wentworth, 155
production increased, 237
purchases, 669
substitutes, doctors argue about, 402
to be bought with RFC loans, 456
to buy surplus, 562
use, Iowa doctors back, 374
will be bought by the AAA, more, 717
Butterfat content of milk, 833
content of milk according to milking time, 833
record broken, 717
Buttermakers, Iowa, who had "excellent" score, 398
Buttermilk for calves, 99
Buying farms, help in, 408
Cabbage, when to store, 640
Calf ailments, 370
champion, 600
to drink, how to teach a, 576
Calves, bull, feeding, 132
feeding boxes for, 640
from American Royal, 600
starting, on grain, 122
what to feed, 591
what to feed fall, 833
without skim-milk, 267
Calving, fall, 645
Canada thistles, how to eradicate, 470
Candidates, farmers endorse, 727
Canker damage to elm tree leaves, to protect against, 803
Cantaloupe, ripe, indication of a, 510
Capped elbows in horses, cause of, 576
Caps on bottles and containers, how to loosen, 576
Carbon bisulphide for horses, 27
Carcass cut-out tests judging skill, 827
Carelessness, farm, is always costly, 305
Cash and corn (box), 555
farm income, 780
farm income in Iowa for October, 826
Castor bean plant effect on grasshoppers, 330
Castrate pigs, when to, 304
Castrating lambs, preferred instrument for, 258
Cattle and bean intake, 756
fat, prices, 264
fattening, usually do not need protein supplement, 510
feeding outlook, 866
feeding up again, 841
good rations, always feed, 139
marking for shipping, 27
on feed, 582
reacting to tests, amount of federal payments for, 471
shelter for, during winter months, 66
shipped for feeding during July, 590
situation same as in 1935-36, 19
stock and feeder, holding up in price, 456
thieves in New England, 664
Cellars and dampness (box), 281
Centennial, Iowa territorial, 529
packs them in, 592
Cerro Gordo county Farm Bureau members resolved not to pay dues to state federation, 273
Chain prevents lines or bridle reins catching under horse's tongue, 456
Charters of Minnesota and Michigan unions suspended, 808
Cesspool, clogged, 549
Chairs, leather, how to keep from sticking, 490
Champs, Four-H dairy heifer, 692
Cheese distributed by FSSC, 471
Chemical foundation experiments, 237
Chicago International, Iowa wins at, 805
Chicks, baby, 16 per cent more than in 1937, 590
Chimney, how to test safety of a, 833
specifications for, 66
Chisel, care of, 717
Chlorates, cheaper, 716
Chloride of lime for damp basement, 833
Christmas star (poem), 834
Churning tips, 124
Cisterns, removing odor from, 226
sweet, keeping, 802
Civil service for state house, 261
service for WPA, 826
Clarke county, Iowa, supervisors contract for limestone, 273
Climate changes, how, 563
Clover seed, 1939 yields of, how to increase, 490
strain, new, trying, 493
sweet, arrives, 336
sweet, in alfalfa, 160
sweet, yellow, 117
Cob rot in new corn, much, 866
Coccidiosis, treatment for, 470
Cockroaches, killing, 39
sodium fluoride for controlling, 259
Cold storage locker plants provide 1,000,000 lockers to farmers, 560
"College, Stone," 498
Colt, training a, 357
Colt's feet, trim, 859
Colts developed better legs, ration on which, 510
Four-H Club, 692
may be weaned at five months, 833
orphan, what to feed, 258
winter ration for growing, 833
Combine wheat, when to, 357
Commissions on livestock in Kansas City, reduction in, 331
Committee has jurisdiction, 33
Commodity loans to support prices—For conference committee decision, 13
Concrete floors, articles to use to fill under, 859
floors, to keep moisture from working up from below under, 640
Conser, C. C., new acting head of AAA in wheat states, 826
Conservation districts, farmers form, 370
Containers, paper, cheapen milk delivery, 19
Contest, butter, 451
Contests—
How do you harvest legume and grass seed? 371
What I don't like about my parents, 162
What I like about my parents, 15
What makes a good neighbor? 580
Contour, farming on, 337
furrow dams, 433
Contracts—For decision by conference committee, 13
Convention, nineteenth annual, American Farm Bureau federation, 8
Cooperation extended to sickness and death, 273
Cooperative associations in Iowa, amount of goods handled by, 826

ownership of labor saving machinery gives the little man a chance to compete, 825
shipping associations of Iowa, annual meeting, 803
Cooperatives, 866
Cord holder, flower pot for a, 226
Corn acre limits, counties get, 397 227
acreage, biggest, in 1934, 100
acreage in Argentina, 298
acreage, Iowa farmers cut, 397
after sudan grass, 339
allotment figures to be issued early in year, 784
allotments by counties in Iowa for 1938 (map), 227
allotments, fixing up those, 402
area under 1938 soil conservation program (map), 182
being rescaled, condition of, 755
Belt Cattle Feeders Association organized 26
Belt Liberty League, 434
belt, outside the (box), 754
borer regulations, 555
breeding, new method of, is changing corn belt agriculture, how a, 509
cold-resistant, planted early, 500
composition, 132
counties, big, Iowa's in 1934, 100
crib, a, or a kitchen? 179
crib, if you are building an extra, 569
crib samples, number handled daily, 29
crib, slot in, 569
crop, Argentine, size of, 456
crop, Argentine, smallest in fifteen years, 237
crop in Argentina, size of, 331
crop insurance, 852
determining moisture difference in, thruout crib, 29
dry in Iowa this year, 826
ear, record size, 496
exports from U. S. since November 1, 370
exports going good, 590
exports to continue, 423
feed value of hard, 754
for fuel, 826
loans start this month, 808
measuring the, 808
payments larger, 784
field, old, preparing for a new crop, 258
fields in August (box), 570
forecasting method, 55
goal, national, 426
good, lowers cost, 554
ground vs. corn in the ear, 66
husking contest dates (box), 574
husking contest, state, 1938, to be in Emmet county, near Ringsted, 152
husking contests, location of district, 636
husking contests, other state, 715
husking, district meets, 708
husking match, site of Iowa state, 641
husking match, site of Wisconsin state, 641
husking meet, the national (map), 712
husking snaps, Iowa, 776
hybrid, gives highest yield on best land, 399
hybrid seed, decline in seed in, 226
hybrid superior strains adapted for harvesting, 187
in Iowa 32c a bushel, new, 560
Iowa, yield test, high strains in 1937 (chart), 165
1937, large stocks, still on farms, 476
loan be, how big will the, 571
loan rate depends on crop (box), 340
loans (box), 73
loans and acreage limits, 308
loans, how many participated in, 29
loans in Iowa, 273
loans—Limit off (box), 237
loans, reducing "red tape" in preparing, 29
loans—Time to be offered, 152
moisture found in, 29
new, may be fed to turkeys, 663
old (box), 598
on hand in Iowa, old, 755
parity payment, delayed (box), 458
parity payments to help, 458
payment stops, where, 308
per acre highest yield of, 803
potash treatment helps, 42
price is 57c a bushel, present outlook for, 571
production for 1938, world, 826
professional probe for testing moisture in, 29
program, goal reached (box), 705
program, purpose of, 430
samples—How selected for sealing, 9
samples meet test limit, 9
save your, 578
sealed, amount of, since fall of 1937, 471
sealed, lower taxes on, 555
sealed under 1937 loan bought back for feeding, 755
sealing, extent of, for government and bank loans in Iowa (map), 29
shelled, not cracked in chewing by steer, 66
silage, economical length of cutting, 742
stalk poisoning, symptoms of and treatment, 66
strain of, ten important characters in a, 148
supply on hand, size of, 331
surplus, markets for our, 375
this fall, dry, 754
what to do with old, 598
yield Iowa's, and rainy Mays 402
yield, record, 755
Cotton adjustment program, results of, 717
being tried out in new fields, 456
growers, parity payments for, 664
marketing quotas in, participating farmers who approved (map), 230
men visit (box), 579
men vote quotas, 230
quotas, farm south votes, 830
raised this year, bales of, 641
supplies large, 230
vote (box), 161
Counties, six, where new tenancy program will be tested (chart), 8
Cow, dairy, good vs. average, 98
test groups, high ranking, 729
testing associations, Iowa dairymen belonging to, 774
testing associations, new, 331
testing in Iowa increased, 774
Cows, beef, what to feed, 591
dairy, plenty of water for, 98
fatally poisoned eating fresh paint, 490
Iowa, increased production, 237
milk, stall confined, must have plenty of water, 510
plenty of water for, 66
Cracks in earthenware jars, how to mend, 510
Cream, avoid mixing of previous milkings, 470
sweet, and market milk need special equipment, 497
to cool, after separation, 186
Creameries, Iowa brand, pounds of butter sold by, 471
Creamery operators course offered at Iowa State College, 641
Credit board, farmer named on, 264
Creep-fed calves, requirements for, 470
Cribs for new crop, clear, 708
needed, many, 478
new (pictures), 571
plans for, 478
Crop adjustment—Farm Bureau resolution, 95
in prospect, another big, 476
insurance applications, 582
